Publishing

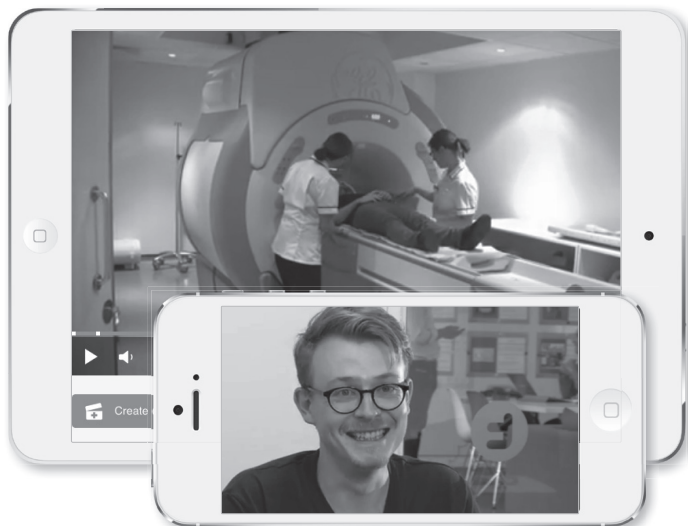

SAGE video

SAGE Video streaming collections are developed in partnership with leading academics, societies and practitioners, including many of SAGE's own authors and academic partners, to deliver cutting-edge teaching and research-oriented video within the social, behavioral, and health sciences.

Available alongside our book and reference collections on the *SAGE Knowledge* platform, content is delivered with critical online functionality designed to support scholarly use at all levels.

Easy to embed videos, custom clips, instructor-only assessment questions, and robust accessibility features allow **SAGE Video** to be quickly implemented into any course, on- or off-campus.
