Aims and Scope

The Journal of Current Southeast Asian Affairs, is a peer reviewed, open access journal published by the GIGA Institute of Asian Studies (IAS) in Hamburg. The journal focuses on current political developments in Southeast Asia. We accept submissions with a focus on international relations and the social, economic, legal, etc. dimensions of policies and politics. The topics covered should not only be oriented towards specialists in Southeast Asian affairs, but should also be of relevance to readers with a practical interest in the region.

Articles to be published should be written in English and submitted exclusively to this publication. *The Journal of Current Southeast Asian Affairs* is devoted to the transfer of scholarly insights to a wide audience. The topics covered should therefore not only be orientated towards specialists in Southeast Asian affairs, but should also be of relevance to readers with a practical interest in the region. The journal's articles examine political, social and economic developments in all 11 countries of the region (Brunei, Cambodia, East Timor, Indonesia, Laos, Malaysia, Myanmar, the Philippines, Singapore, Thailand, Vietnam), as well as intra-regional (ASEAN) and transregional relations (ASEAN-China, ASEAN-US, etc.). There is also a book review section which covers new publications on Southeast Asia.
